From Slides to Exams — One AI Agent Does It All

THE PROBLEM

# Students Face Three Persistent Challenges

Modern students juggle multiple high-stakes tasks every week, but the tools they have are scattered, manual, and stressful.

### Hours Lost on Slide Design

Students spend **4+ hours** per presentation wrestling with formatting and layout — time that should go to content and ideas.

### Stuck on Assignments, No Coach

**68%** of students report assignment anxiety — without personalized guidance, they procrastinate and miss learning moments.

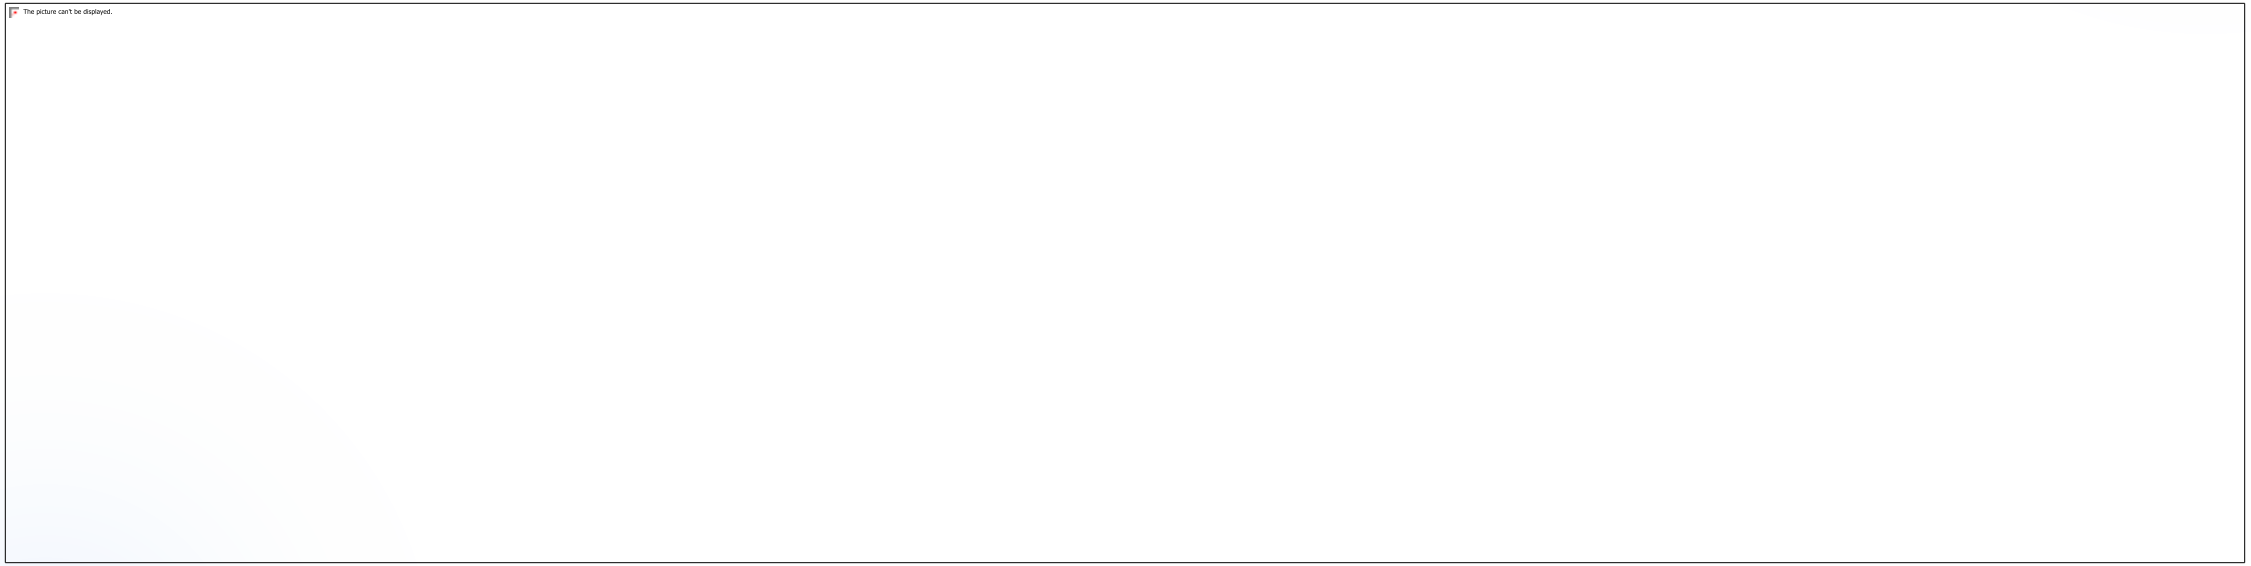

### Scattered Exam Prep

**73%** lack a structured study plan, jumping between notes, textbooks, and apps without a clear path to mastery.

THE SOLUTION

# One AI Agent.
# Three Problems Solved.

SLIDE GENERATION

# Instant Polished Presentations
